The House of Art

There are great options on this tour, and such beautiful routes to venture down. We have chosen to offer Cornerstone as an option of a starting point for this tour, especially for all that will come off of I-93 to begin their tour - it will complement all that follows! The Contoocook/Warner region offers group and individual locations, fine art, and craft of all kinds. Enjoy this area, and if your starting or ending point brings you near to Hanover, be sure to stop in to the League gallery there - the staff will help you find the perfect gift for yourself or anyone on your list! Review the information here and then adjust your route as needed to ensure you are able to see all that the area has to offer! Please be sure to note the open days and hours of each location to avoid disappointment, and utilize the google map and detailed listings on the nhopendoors.com website.

NATALIE T. is a collection of Fine Artisan Jewelry designed and hand wrought by Denise Graves. My work blends beautiful metal smithing techniques with precious gemstones executed in Argentium Silver and 18K gold. The organic shapes of my newest line are reminiscent of the moods and currents of the sea. The result culminates into a unique, lustrous and luminescent finish on the piece often combined with a glistening gemstone. I am at the Warner Town Hall for Open Doors.
